

## HOW TO ACHIEVE SUCCESS AT THE FINISH LINE:

### ENVISION YOUR GOAL

Set your eye on the target. **What is it that you really want to accomplish?** *Once you have a certain destination that you can define, you have a chance to get there!*

**When will you reach it?** *Determine a “deadline” date.*

**How will you feel when you’ve reached your goal?** *Imagine the thrill of getting there!*

Now you’re ready to move forward...

### FOCUS ON THE DESIRED RESULT

***Start with baby steps*** to get you started. Many small things add up to a whole project getting done.

Keep your goal in mind. ***Set a plan working backward*** from the target date.

***Do something towards it every day*** possible. Consistency is the key.

It’s only a matter of time before you’ve accomplished what you set out to do, no matter how grand the project!

## HOW TO ACHIEVE SUCCESS AT THE FINISH LINE:

### KEEP MOVING THROUGH, OVER, OR AROUND THE OBSTACLES

Twists and trials will come up to block your progress. They are mere tests to help you refine your plan.

***Challenges bring out your most creative side.***

If it's worth doing, it won't necessarily be easy. But with the ***right motivation***, you will push through and achieve success!

***Building a team and asking for help*** are great ways to ***expand your own capabilities*** and get the job done.

Reach your goal with ***determination and perseverance***, no matter what!

### CELEBRATE YOUR SUCCESS!

You've done whatever it takes to succeed!

You've stretched yourself and learned ***new things*** in the process.

You've forged ***new relationships*** to help you reach your goals.

Take time to celebrate the "***new you***" that you've become!

Celebrating with your team members will make them more loyal and willing partners for your ***next grand venture!***
